

## **Name change of the NLII Apollo Healthcare Property Fund**

**Maastricht, May 15<sup>th</sup> 2018- In the summer of 2016 the NLII Apollo Healthcare Property Fund was established in close cooperation with the Dutch Investment Institution (NLII). Now that NLII has announced that it will cease its activities, we have decided to change the name of the Fund to the Apollo Healthcare Property Fund.**

The Apollo Healthcare Property Fund is well on the way to achieving its financial and social impact objectives. At the moment, almost € 60 million has been invested in healthcare real estate and the size of the pipeline is approximately 150 million euro. The discontinuation of the activities of NLII has no further consequences for the Fund, other than the name change. We thank NLII for its active role in co-creating the Fund.

**About the Apollo Health care Property Fund**

The Apollo Healthcare Property Fund was launched at the end of June 2016. The Fund invests in high-quality, sustainable and affordable care housing and facilities that benefit the welfare of the resident and user. The Fund focuses on three segments of the Dutch healthcare market: Assisted living, Nursing home and Care and treatment centers. Assisted living offers housing to people who live independently with a combination of care, services and well-being. Nursing homes focus on people with intensive care needs. This could include people with a severe psychogeriatric (including dementia) and / or somatic condition. Care and treatment centers offer space to a range of primary healthcare providers, including general practitioners, physiotherapist and a pharmacist. The target size of the Fund is 200 million euros. Doctors Pension Fund (SPH) is the cornerstone investor in the Fund.
